Course Assignments

Participants will be required to submit assignments for the period of 1-3 months to demonstrate their understanding of the course content. Upon successful completion of the course, the participant will receive a Certificate of Merit.

Course View

Despite creating a dignified position in male dominated society; the struggle for women is far from over. Although it's evident that women have left nothing unaccomplished, the percentage of women achievers to men achievers is comparatively low. Women in agriculture are helping to pave the way for a better future. As leaders, it is our responsibility to make sure the next generation of women are educated, encouraged and empowered to take on the challenges of meeting the world's growing food, fuel and fiber needs.

Throughout this Course, you will sight examples from Indian as most of the materials used for preparing the course training is from Indian. However, you can relate the example to your local context.

Eligibility:

This course is suitable for people working in civil society of Non-governmental organizations, government institutions, water industries, those working is supporting work in low- and middle-income areas/countries, and any other individual who wants an understanding of approaches to WASH situations especially in the developing world.
